**CITATION 01\_75\_18C\_003\_4500277\_22 FOR WATER QUALITY FAILURE – USFS – YOLLA BOLLA CORP YARD PUBLIC WATER SYSTEM, NO. 4500277**

This letter is to inform you that the USFS – Yolla Bolla Corp Yard Water System failed to meet bacteriological domestic water quality standards for February 2018. The number of positive bacteriological samples exceeds the limits of Title 22, California Code of Regulations (CCR), Article 3, Section 64426.1(b). Two of ten water samples collected between February 9 and March 9, 2018, were positive for total coliform bacteria. The standard is that no more than one sample per month may do so.

Section 64464.1, Title 22, CCR, specifies that the Shasta County Environmental Health Division (SCEHD) shall direct the water supplier to provide public notification. For the February 2018 water quality failure, the water system shall give notice by posting a notification in conspicuous locations throughout the area served by the water system and by one or more of the following methods to reach persons not likely to be reached by the previous method: publication in local newspaper, email message to customers (employees), posting on the internet or by direct delivery to each customer. The enclosed notice titled "Important Information about Your Drinking Water" is the public notice that you shall give to all water users and post to fulfill the above notification requirements.

Within 45 days of receipt of this letter, you are required to send this office a signed statement which indicates the date the notice was posted. Completing and returning the enclosed "Certification of Completion of Public Notification" form fulfills this requirement. Please also include what corrective action was taken to prevent such failures in the future and the cause of the failure if known.

Note that Section 116577 of the California Safe Drinking Water Act provides for the SCEHD to be reimbursed by the public water system for costs incurred for preparing and issuing public notifications to that system. In accordance with Section 116577, the water system will be billed for the preparation and issuance of this letter and notification. Approximately one-hour was spent preparing this letter and notification, and currently our costs are approximately \$129.83 per hour. You shall submit a check in the amount of \$129.83 to SCEHD.

"Any person who is aggrieved by a citation issued by the SCEHD may file a petition with the State Water Resources Control Board (State Water Board) for reconsideration of the citation. Petitions must be received by the State Water Board within 30 calendar days of the issuance of the citation. The date of issuance is the date when the SCEHD mails or serves a copy of the citation whichever occurs first. If the 30th day falls on a Saturday, Sunday, or state holiday, the petition is due the following business day.

# CERTIFICATION OF COMPLETION OF PUBLIC NOTICE

Complete this form and return to Shasta County Environmental Health Division

This form when completed and returned to the SCEHD (1855 Placer Street, Suite 201, Redding, CA 96001) or fax to (530) 225-5413 serves as certification that public notification to water users was completed as required by the California Water Quality and Monitoring Regulations. Completing public notification and providing this office with certification is important. Failure to do so may result in a formal enforcement action with monetary penalties.

Public Water System Name USFS – Yolla Bolla Corp Yard

Public Water System No. 4500277

Public notification for February 2018 bacteriological performance standard failure was performed by the following method(s) (check and complete those that apply).

Describe the methods used and dates notification completed (what dates were the notices posted if posting was the method of notification). Provide a copy of the notice with this information.

☐ The notice was posted throughout the area served by the water system.  
A copy of the notice is attached.

☐ The notice was published in a local newspaper or newsletter distributed to customers.  
A copy of the notice is attached.

☐ The notice was posted in the internet.  
A copy of the notice is attached.

☐ The notice delivered directly to each customer.  
A copy of the notice is attached.

I hereby certify that the above information is factual.
